SUMMARY OF THE  
SEMI-ANNUAL ESTIMATE OF THE  
STATUS OF THE SOVIET ATOMIC ENERGY PROGRAM

1. The dissemination of the semi-annual estimate of the "Status of the Soviet Atomic Energy Program," CIA/SI 100-51, dated 5 January 1951 (IAC-D-10 dated 28 December 1950) has been greatly limited by the Director of Central Intelligence. To permit a somewhat wider distribution, the Joint Atomic Energy Intelligence Committee has prepared a summary of this report.

2. IAC-D-10/1 of 11 January 1951 is hereby rescinded and recalled due to dissents by the Army and Navy members of the Intelligence Advisory Committee on the wording and concomitant technical implications of paragraph 2b, when in fact there is agreement on the ideas to be expressed among the members of the Joint Atomic Energy Intelligence Committee as expressed in meeting on 19 January 1951.

3. IAC-D-10/2, a revision of IAC-D-10/1, is attached hereto for your approval as a member of the Intelligence Advisory Committee. It is requested that this approval be expedited and that comments, if any, be classified "Not Restricted Data."

4. It is proposed not to discuss this IAC-D-10/2 at an IAC meeting unless a member feels such a discussion is advisable. It would be appreciated if you would telephone your concurrence to this office as promptly as possible.

5. After approval, appropriate dissemination of this summary will be made.

JAMES Q. REBER
